

Certificate of Completion

Matteo Lanzoni

Is hereby recognised as having successfully completed the course

Structured Products

29 Mar 2026

Structured products are tailor-made investment products designed to align return expectations and risk characteristics with the investment objectives of specific investor groups. This course gives a detailed insight into today's structured product world and provides the basis to actively follow the current and future developments. We describe the different product classes, their building blocks and the investor needs behind the products, as well as recent developments and the current state of the market. For more information visit: www.nosco.training/course/sp

This course accounts for 4 hours of continuous education and is recognized as recertification measure for the CWMA title by SAQ, the Swiss Association for Quality. The corresponding SAQ code is: CWMA-NOPA-22-3003
